- 3 LaFortune Turkey Shoot - Week 1
- 10 Southlakes Turkey Shoot - Week 2
- 17 LaFortune Turkey Shoot - Week 3

Play Day Formats

SCORING

Low Gross, Low Net (The only time we cannot use putter to measure Gimme is during a tournament!)

Your gross score is the total number of strokes played in your round. The actual number of strokes on each hole, totaled at the end of the round.

Low net is your gross score minus your handicap. For example, if you shoot 55, and your handicap is 12, your net score is 43.

The winner of "low gross" is the player in her flight who had the fewest total strokes. The winner of "low net" is the player in her flight who had the lowest score after subtracting her handicap.

Your "adjusted" score takes into account the USGA's equitable stroke control. For handicap purposes, a player may take no more than 10 strokes per hole. As a player's handicap improves, she is permitted fewer strokes per hole. For example, as determined by handicap, some players may take only a 9 on a hole. So, if a player takes 10 strokes to hole out, she writes "10" on her card (raw score), but her score will be adjusted by Kay to "9" for the purpose of figuring her total score for handicap purposes.

Beat The Pro

This is a game where you bet on yourself that your score minus your handicap will be lower than the pro's score that day. You decide how much money you want to bet on yourself when signing in at the pro shop. If you beat the pro, you will receive a certificate to the pro shop for merchandise equal to double the amount you bet. If you tie or score more than the pro, you will still receive a certificate in the original amount you placed as a bet.

Best Ball

Fill out your scorecard as usual. Teams will be assigned with players from each flight. The team score will be determined by using the player's score that is the lowest per hole. The team with the lowest gross will win.

Best Five Holes

Fill out your scorecard as usual. The Sports Chair will determine your five best holes for the day.

Club Championship

The Club Championship is two days of play. The pairings are done by handicaps the first day and by firstday finishing order for the second day. Players must play both days to be eligible for prizes. Players who cannot play both days will be paired after those competing for the Championship.

At the end of the first day of play, a "medalist" will be awarded for having the low gross score that day. The Champion will be the player with the low gross score for the two days. Prizes will be awarded for gross, net and low putts. No winner will receive more than one award.

The week following the scheduled two Championship play days will be designated as a rain date for the second round of the tournament. If play is cancelled two weeks, the winners will be decided on the one week's play.

David and Goliath

Fill out your scorecard as usual. The player with the lowest scores on the par 3's and par 5's will be the winner.

Dog Days of Summer

The player with the best low gross, low net and low putts over a three-week period will be the winner. It is not a cumulative total for the three weeks; you do not need to play all three weeks to be eligible.

Even/Odd Holes Count

Fill out your scorecard as usual. The Sports Chair will determine your score for even or odd numbered holes for the day.

Fall Tournament

The pairings will be done by handicap. Awards are given to best low gross, low net and low putts.

Flag Day

Pick up a flag in the pro shop. Your target for the day is the course par plus your handicap. If you have fewer strokes than your target, you are a winner.

Least Shots to the Green

Fill out your scorecard as usual. The Sports Chair will determine how many shots it took for you to reach the green by subtracting your putts from your total score.

Low Gross/Low Net/Low Putts

Your low gross score is the total number of strokes played in your round. Low Net is your gross score minus your handicap. Low putts is your total putts on the green for the day.

Lowest Reverse Score Wins

Fill out your scorecard as usual. Low Gross, Low Net and Low Putts will be calculated by reversing your score. For example, if your Gross score is 51, your reverse score will be 15.

Most 7's Wins

Fill out your scorecard as usual. The player with the most holes with the score of 7 will win.

Most 3 Putts Wins

Fill out your scorecard as usual. The player with the most holes where a 3 putt is made will win.

No Three Put Day

You are a winner if you complete nine holes without having a three putt.

Par 3 Play Day

The player with the most par 3's and birdies for the day is the winner.

Par for Worst Hole

Fill out your scorecard as usual. The Sports Chair will substitute par as your score on your worst hole.

Ringer Tournament

Play the same course three times. Your best score and best putts on each hole over the three play days will be used to determine your final score. If you cannot play the three times, your best score for the days you did play will be used. Awards are given to best low gross, low net and low putts.

Spring Tournament

The pairings will be done by handicap. Awards are given to best low gross, low net and low putts.

T&F

Keep your scorecard as usual. The Sports Chair will calculate the score for those holes starting with a T or F (Holes 2, 3, 4, 5)

Toss Out Your Worst Two Holes

Keep your scorecard as usual. The Sports Chair will exclude your worst holes compared to the par.

Turkey Shoot

This tournament is not flighted. The objective is for a player to beat their score from the previous week. The winners are determined by the best score from the 3 weeks. Awards are given for low gross, low net and low putts.

You Are A Pro

In honor of the PGA Championship at Southern Hills, you will be assigned a Pro that is playing at the PGA Championship. Your gross score plus the Pro's score for Thursday will determine the winner. Players are encouraged to use the Pro's name rather than the player's name for the day!
